HOME PAGE

- Viewing Orders Without Proof or Pending Proofs.
- These pages are also available from the side menu.

The screenshot displays the 'Factory Directly' dashboard. The top header includes the logo, a hamburger menu icon, the text 'US Time', a 'Language' dropdown, and a user profile icon. The left sidebar contains a list of navigation items: 'Home Page' (active), 'Order Manage', 'Settlement System', 'Message Manage', and 'Permission Manage'. The main content area is divided into two columns. The left column features a 'System Notification' section followed by an 'Order Management' section with two circular progress indicators, both showing '0'. The first indicator is labeled 'Upload Proof' and the second is labeled 'Wait Confirm'. The right column features a 'Message Management' section with three rectangular boxes, each showing '0': 'Partners Unresolved' (red), 'Unread Reply' (orange), and 'Unresolved Complaint' (brown). Below this is an 'Order Settlement' section.

New orders are generally transferred to the system automatically via **API**, but if certain situations require **manual uploading**, this functionality will be used.

Product Class and **Product Name** are linked. You need to select a **Product Class** first, and then the corresponding **Product Name** will appear. If there are too many products, you can quickly find the **Product Class** by searching keywords in the search bar.

ORDER MANAGE

- Order Entry

If some information is missing, the order cannot be submitted. The system will highlight the missing fields with a red box, and you must fill in the missing details before successfully submitting the order.

Tips

ORDER MANAGE

- Search Order - By default, the most recent orders are sorted at the top. Clicking on this page will display all orders.

The screenshot displays the 'Search Order' interface. At the top, there are search filters for Order Id, Status, Product Class, Delivered Date, Buyer Price, FirstNo, Buyer, Product Name, Entry Time(CN), Place Type, SecondNo, Stage, Priority, Quantity, and Customer Level. A 'Search' button and a 'ClearUp' button are located to the right of the filters. Below the filters, there is a table of orders with columns: Order Id, FirstNo, SecondNo, Factory No, Buyer, Product Name, Quantity, Stage, Delivered Date, ExWorks Date, and Operation. The table shows two rows of orders. To the right of the table, there is a column selection dropdown menu with a search bar and a list of columns to show or hide.

☒ Main image ☐ Proof

File Name

Upload Proof

If no proof has been uploaded for this order, it will appear blank. In some cases, you can directly upload PDF and PNG files in our system. The **Main Image** should be a PNG file, and the **Proof** should be a PDF.

Tips

File name can only consist of letters, numbers, _ or -

OK

Both file names can only consist of letters, numbers, _ or -, with no spaces. The Proof upload interface allows multiple files to be uploaded. Each file has a size limit, and it's best not to exceed 20MB per file.

ORDER DETAILS PAGE

- Proof

- **Customer Approve Yes**, it means the final approval from the customer for the artwork is required. Once the customer gives the final approval, it will automatically display "Approved" here, and the sales only needs to place the order with the factory.
- **Customer Approve No**, the sales will manually click **Approve** Proof to proceed.

The Proof uploaded via API will not have a Main Image, but the artwork transferred from the Proof section will still be displayed.

ORDER DETAILS PAGE

- Address & Checking

- For US address, we can use UPS Express Check if it is Super Rush order. Click [Check UPS Express](#)
- Enter estimated weight and click "Start" button to confirm UPS Express service availability.
- A pop-up window will appear to confirm whether UPS Express service is available.

The screenshot displays the 'Recipient Information' section of an order details page. It includes fields for Name, AddressLine1, City (Richmond), Postal Code, Phone, Company, AddressLine2, State (TX), Country (United States), and Quantity. Buttons for 'Print Address', 'Check UPS Express', 'Detection Address', and 'Check Address' are visible. A 'Check UPS Express' pop-up window is open, showing fields for Country (US), State (MO), City (Pollock), Postal Code (63560), Estimated Weight (1 KG), and a 'Start' button. A 'Tips' panel on the right indicates 'UPS Express Available' with an 'OK' button. A red text note at the bottom of the pop-up says '* 请点击此处前往官网查询'.

- Click [Check Address](#) button to check whether the **US address** is correct.

[Back to Catalogue](#)

ORDER DETAILS PAGE

- End of the Page

⚡ Operation Record

[Approved](#)[suspend](#)[end](#)[Mark as Starred](#)[Print Page](#)[suspend](#)

If you suspend the order, the system will automatically send a notification to the CN team. However, this only informs the CN team that a suspend is requested. Whether the order can actually be suspended and whether any additional costs will be incurred depends on the production status. The CN team will need to confirm the production progress with the supplier and then advise if the order can be paused. If the order is already in production, additional charges may apply.

[end](#)

The order can only be ended before the factory has accepted it and generated a Factory No. If the factory has already accepted the order and a Factory No. has been created, you need to notify the CN team to confirm the production progress and any cancellation fees. After all confirmations are completed, the CN team will end the order.

MESSAGE MANAGE

- Received Message - access this page from the side menu and the homepage

The screenshot displays the 'Message Manage' interface. On the left, a sidebar menu includes 'Notice Manage', 'Message Manage' (highlighted), 'Sent Message', 'All Unread Replies', and 'Complaint Message'. Below this, a 'Message Management' section shows '1494 Partners Unresolved'. The main area is titled 'Received Tidings' and features filters for 'Product Class', 'Theme', 'Content', and 'status' (with an 'Unresolved' button). A list of messages is shown, each with a 'From' field (e.g., 'From: 念念不忘(China)'), a 'Proof' number, a timestamp, and a 'To' field (e.g., 'To: (Buyer)'). Each message has 'Unresolved' and 'Reply' buttons. Two red boxes highlight the 'Unresolved' button on the first message and the 'Reply' button on the second message. Red arrows point from these buttons to a red box on the right that says 'Click here to entry Order details page' and another red box that says 'Change Unresolved into Solved or Reply based on the situation.'

You can filter messages by product class, theme, content, and status (such as unresolved). Each message shows the sender, recipient, related order/proof number, message content, attachments, timestamps, and read status. You can reply directly or mark the message as resolved/unresolved.
